F-2020 HD **Acid-Replacement Cleaner (Product #8688)**

F-2020 HD is a true breakthrough concentrated cleaner. With a pH of less than one and twice the strength of our F-2002, this multipurpose cleaner generates the high cleaning power of an acid, yet it is mild to skin as liquid soap.

Cleans stains, rust and algae from concrete buildings and walks; removes cement from construction equipment, trucks pouring forms, structural steel and tools; dissolves hard water build-up, lime, scale and corrosion in boilers, air conditioners and refrigeration units, condensers and circulating systems. A proprietary inhibitor package prevents damage to metals and detergents and wetting agents enhance cleaning actions. It is non-flammable and biodegradable.
