FOG MICROBIAL CLEANER

Bacterial Floor Cleaner

FOG Microbial Cleaner is designed to clean grease, grime, spoiled food, vomit, urine, feces and other organic spills on kitchen and restroom floors. It is safe to use on all surfaces that cannot be harmed by water. Its unique formula contains selected strains of natural enzyme-producing bacteria. These special strains of bacteria are efficient at digesting organic waste to eliminate odors at their source.

Use on Kitchen and Restroom Floors and Walls:

Concrete
 Quarry Tile
 Ceramic Tile
 Brick
 Grouted Floor Surface

Effective against:

- Odors
 Spilled grease and oils
 Spoiled food
- Urine and feces
 Organic spills
 Vomit

Features and Benefits:

- Designed especially for use on porous hard surfaces in kitchen and restroom areas
- Bacteria in the formulation break down and digest oily grime
- Environmentally safe formulation

Properties:

Appearance	Green liquid
Fragrance	Bland
Specific gravity	1.0
VOC Content	0%
Colony Count	56 million/milliliter
pH	8.5-9.5
Application	spray, mop or brush

Directions:

Complete directions on product label SHAKE OR MIX WELL BEFORE USING.

Dilute 4 ounces into 1 gallon of water. Solution may be mopped or brushed on to floor. Rinse with clean water.
