Technical Report

KLEAR OUT GX

Granular, caustic-type drain/sewer solvent for industry, street departments, or facilities with major drain problems.

This powerful drain/sewer opener rapidly generates intense heat to attack and disintegrate most organic material.

Klear Out GX not only attains boiling temperature quickly, but it also holds its temperature long enough to completely dissolve the blockage. Super action powered beads go directly to the point of stoppage, liquefying and clearing fats, grease, sludge, food residue, hair, coffee grounds and other organic matter. There is no dilution by standing water as with liquids. And it does this without harming pipes and septic tanks.

Features:

- Stops sewage odor and overflow.
- Opens sewer lines fast!
- Harmless to pipes & septic tanks.
- Safer to use than crystalline powder. No skin irritating dust.
- Dissolves grease, fats, sludge, carbohydrate waste, paper and protein matter, even tree roots.
- Easy to use. Just pour product into sewer line, per label instructions.
- Approved for meat and poultry plants.
- Provides deep penetration to dissolve hardened matter.
