

PERFECT-0²

Boosted with Peroxide

DESCRIPTION

PERFECT-0² is a multi-purpose cleaner with oxygenated peroxide and fortified with high performance solvents and surfactants. This unique blend of oxygen boosted surfactants and cleaners means it will safely clean and degrease the toughest soils. Unlike other peroxide cleaners, it has a neutral pH so it does not leave a streaking residue behind.

BENEFITS

MULTI-SURFACE CLEANING: From counter tops to carpet & upholstery, you will find a multitude of uses for PERFECT-0².

SAFE CLEANER: Will not cause harm to you or your pets.

NEUTRAL pH: Eliminates Streaking.

HOW TO USE

Apply directly onto surface or spray into a clean microfiber cloth or paper towel and wipe surface. For best results allow PERFECT-0² to have some dwell time to allow it to work on the soil and area being cleaned.

REMOVING SPOTS ON SOFT SURFACES: Set sprayer to deliver a coarse stream onto the spot. Many spots just disappear. If it needs agitation, use a soft white cloth and work from outer edge toward center.

USES

Ideal for cleaning countertops, glass, mirrors, sinks, toilets and other hard surfaces. Also versatile enough to be used on soft surfaces such as carpeting.

The Safer Choice logo signifies that Perfect-02, as Bullen Companies has represented it to the EPA, contain ingredients with more positive human health and environmental characteristics than conventional products of the same type.
