RUBYGEM GT

High Intensity Deodorizing Spray

Neutralizes foul odors in the air, carpets, bedding, drapery and upholstery.
Rubygem GT is a highly concentrated malodor counteractant that can be used 3 ways:

1. Use full strength to neutralize industrial malodors
2. Dilute and use as a contact or space spray
3. Use as a mop solution additive to address large open areas

Rubygem GT uses micro emulsion technology to release all the active ingredients to ensure the optimum in foul odor remediation. Rubygem GT leaves a very pleasant Green Tea fragrance.

Dilute up to 2 oz. per gallon for many applications, including:
carpet extraction cleaning – carpet & upholstery spray – mop additive solution

For municipal restrooms in parks and comfort stations: dilute Rubygem GT with 4-6 parts water for long-lasting results.

Available in cases of (12 x 16 oz.)

Chemex Industries, Inc.
